## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Peace River/Manasota Regional  
Water Supply Authority  
Sarasota, Florida

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Peace River/Manasota Regional Water Supply Authority (the Authority), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**INDEPENDENT AUDITORS' REPORT**  
*(Concluded)*

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2017, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information as listed in the table of contents (collectively the "required supplementary information") be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2018, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
PEACE RIVER/MANASOTA REGIONAL WATER SUPPLY AUTHORITY  
SEPTEMBER 30, 2017**

As management of Peace River/Manasota Regional Water Supply Authority (the Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2017. Readers should consider the information presented here in conjunction with the rest of the basic financial statements.

**Financial Highlights**

- The assets (and deferred outflows of resources) of the Authority exceeded its liabilities (and deferred inflows of resources) at the close of the most recent fiscal year by \$135,308,999 (*net position*). Of this amount, \$9,335,832 (*unrestricted net position*) may be used to meet the Authority's ongoing obligations to members and creditors.
- The Authority's total net position decreased by \$4,729,512 during the year. Capital grants and contributions were \$1,671,793 (net of capital disbursements). The loss before capital contributions was \$5,951,305. This compares to a loss before capital contributions in the prior year of \$5,550,283.

**Overview of the Financial Statements**

This section of the Authority's annual financial report presents a discussion and analysis of the financial position of the Authority as of September 30, 2017 and 2016, as well as an overview of the financial activities during the fiscal year ended September 30, 2017, with 2016 fiscal year data presented for comparative purposes. This discussion should be read in conjunction with the financial statements and related notes. Responsibility for the completeness and fairness of this information rests with the Authority's management.

This annual report consists of a series of financial statements, prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*, as amended. The Authority is considered a single purpose entity engaged only in business-type activities, and is required to present only fund financial statements. The fund financial statements are enterprise fund statements and consist of the following:

- a) Statement of Net Position
- b) Statement of Revenues, Expenses, and Changes in Fund Net Position
- c) Statement of Cash Flows

Following the fund financial statements are notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

**Statement of Net Position**

Shown below is a comparative statement of net position presented in summary form for 2017 and 2016. This statement shows the assets (current and noncurrent), deferred outflows, liabilities (current and noncurrent), deferred inflows, and net position (assets and deferred outflows minus liabilities and deferred inflows) as of the end of the fiscal year.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**PEACE RIVER/MANASOTA REGIONAL WATER SUPPLY AUTHORITY**  
**SEPTEMBER 30, 2017**  
*(Continued)*

**Statement of Net Position (Concluded)**

The statement of net position is prepared using the accrual basis of accounting, where revenues are recognized when the service is provided and expenses are recognized when goods are received or services are performed, regardless of when cash is exchanged. The purpose of the statement of net position is to present the reader of the financial statements with fiscal snapshots of the Authority at September 30, 2017 and 2016. Following is the summarized statement of net position for 2017 and 2016:

**Net Position**

	<b><u>Business-type Activities</u></b>	
	<b><u>2017</u></b>	<b><u>2016</u></b>
Current assets	\$ 14,192,413	\$ 11,290,932
Noncurrent assets	<u>277,814,237</u>	<u>287,661,361</u>
<b>Total assets</b>	<u>292,006,650</u>	<u>298,952,293</u>
 <b>Deferred outflows</b>	 <u>3,577,514</u>	 <u>3,540,889</u>
 Current liabilities	 4,516,321	 4,262,673
Noncurrent liabilities	<u>155,506,803</u>	<u>158,491,073</u>
<b>Total liabilities</b>	<u>160,023,124</u>	<u>162,753,746</u>
 <b>Deferred inflows</b>	 <u>252,041</u>	 <u>150,925</u>
 <b>Net position</b>		
Net investment in capital assets	105,836,765	112,351,825
Restricted and internally designated	20,136,402	19,361,213
Unrestricted	<u>9,335,832</u>	<u>7,875,473</u>
<b>Total net position</b>	<u>\$ 135,308,999</u>	<u>\$ 139,588,511</u>

Over time, the changes in net position provide an indication of the overall financial condition of the Authority. At September 30, 2017, net position was \$135,308,999, and for the year, there was a decrease in net position of \$4,279,512. A substantial portion of the Authority's net position at September 30, 2017, (78.2%) reflects its net investment in capital assets. This net position is not available for future spending. Although the Authority's investment in its capital assets is net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the Authority's net position (14.9%) represents resources that are subject to external or internal restrictions on how they may be used. The remaining balance of net position (6.9%) is unrestricted.

**Statement of Revenues, Expenses, and Changes in Fund Net Position**

Following is a summarized statement of changes in net position for 2017 and 2016. This statement is similar to the statement of revenues, expenses, and changes in fund net position in the fund financial statements, and prepared using the same accrual basis of accounting. This statement shows the revenues and expenses of the Authority for the year, in summarized form:

Charges for Services increased by \$280,308 (1%) and Operating grants and contributions increased by \$36,379 (1.24%) from 2016 to 2017 as budgeted. Capital grants and contributions (net) in 2017, which included capital grants from the DEP and SWFWMD toward the Phase 1 Interconnect Pipeline project and the Phase 3B Pipeline, increased by \$1,196,757 from 2016 to 2017. Expenses increased by \$830,120 or 2.26% from 2016 to 2017. The increase in expenses was due to:

- a) Cost of Sales and Service increased by \$626,510 from 2016 to 2017. This increase was due to several large Renewal and Replacement projects that were not depreciable, such as River Intake Dredging, as well as increased labor and utility costs that were partially offset by decreased chemical and repair and maintenance costs.
- b) Depreciation expense increased by \$278,306 from 2016 to 2017.
- c) Administration costs increased by \$24,572 from 2016 to 2017.

These increases were slightly offset by the following decreases in expenses:

- a) Interest expenses decreased by \$93,797 from 2016 to 2017.
- b) Studies and Master Plan expenses decreased by \$15,531 from 2016 to 2017.

(Continued)**

**Capital Assets**

The Authority's investment in capital assets as of September 30, 2017, totaled \$258,563,901 (net of accumulated depreciation). This investment in capital assets includes land and easements, structures, leasehold improvements, furniture and equipment, and construction in progress.

**Capital Assets (Net of Depreciation)**

	<b><u>Business-type Activities</u></b>	
	<b><u>2017</u></b>	<b><u>2016</u></b>
Land and easements	\$ 2,584,259	\$ 2,584,259

<b>Total</b>	<b><u>\$ 258,563,901</u></b>	<b><u>\$ 268,121,280</u></b>

The book value of capital assets decreased by \$9.557 million during 2017. Additions were \$3.7 million and depreciation was \$12.156 million. Additions during 2017 included the following:

- Renewal and replacement projects - \$1,700,169
- Vehicles, machinery, and equipment - \$169,901
- Construction in progress - \$1,864,150

Additional information on the Authority's capital assets can be found in Note 4 of this report.

**Long-term Debt**

The Authority's bonded debt outstanding as of September 30, 2017, totaled \$144,620,000. These bonds are secured by the Net Revenues pledged in the Master Water Supply Contract.

<b><u>Business-type Activities</u></b>	<b><u>2017</u></b>	<b><u>2016</u></b>
Revenue bonds	<b><u>\$ 144,620,000</u></b>	<b><u>\$ 147,105,000</u></b>

Long-term debt decreased by \$2,485,000 during the year. Of this amount, \$2,485,000 was from scheduled principal payments. Additional information on the Authority's long-term debt can be found in Note 5 of this report.

**Economic Factors and Next Year's Budgets and Rates**

The Authority currently owns and operates 65 miles of large diameter regional drinking water transmission mains, a 51 million gallons per day (MGD) surface water treatment facility on the Peace River, and storage facilities having over 12.5 billion gallons of capacity to support Customer drinking water needs. FY 2017 water deliveries to Customers averaged about 26.34 MGD.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**PEACE RIVER/MANASOTA REGIONAL WATER SUPPLY AUTHORITY**  
**SEPTEMBER 30, 2017**  
*(Continued)*

**Economic Factors and Next Year's Budgets and Rates** *(Continued)*

The Authority has completed the rebuild of the original water treatment facility acquired by the Authority in 1991 (the 1991 Facilities). Design work for this effort was initiated in FY 2013, the Authority Board awarded the construction contract for the rebuild effort in December 2013, and the work was completed in spring 2016. Total project cost was \$12.5 million and represented a 3 MGD increase in treatment capacity (from 12 MGD to 15 MGD) and uprated the total treatment capacity of the Peace River Facility from 48 MGD to 51 MGD.

In FY 2014, the Authority awarded a contract for construction of a new Training Center/Laboratory building at the Peace River Water Treatment Facility. The construction contract (\$2.05 million) for the new facility was awarded in June 2014, and construction notice-to-proceed was issued in September 2014. Substantial completion for the project was awarded in September 2015 and the final completion of the project occurred in December 2015.

The Authority has continued its efforts to recharge the Aquifer Storage and Recovery (ASR) System and the system reached its full capacity of 6 billion gallons in FY 2016. ASR involves full treatment (to drinking water standards) and storage of water in excess of the supply delivered immediately to Customers. These ASR supplies are then withdrawn as-needed to help meet water demand during prolonged dry periods. A pilot program for untreated water storage into the ASR system has been undertaken in FY 2017 and will be completed in FY 2018, and if successful, should decrease the Authority's operations and maintenance costs associated with the ASR system.

In FY 2016, the Authority began the predesign phase for two pipeline projects. The first project is the Phase I Regional Interconnect consisting of a six-mile pipeline from the end of the existing DeSoto Regional Transmission main in DeSoto County to the City of Punta Gorda Shell Creek Water Treatment Facility in Charlotte County providing increased reliability of the regional and City's water systems. Conceptual design efforts for this project were undertaken in FY 2016 and the project is estimated to cost \$12 million. The project is currently in final design phase and the construction phase should be initiated in late 2018.

The second project is the Loop Phase 3B Regional Interconnect consisting of a five-mile pipeline from the current terminus of the Phase 3A Regional Interconnect at State Road 681 along Cow Pen Slough to Clark Road (State Road 72) with the goal of serving Sarasota County's growth in this area and providing a starting point for future projects that will connect the regional transmission system to Manatee County. The project is currently in the final design phase and the project is expected to cost \$27 million.

Moody's, S&P and Fitch have assigned ratings of "Aa3" (stable outlook), "AA-" (stable outlook) and "AA-" (stable outlook) respectively, to the 2015 Bonds. These ratings by all three major rating agencies reflect the Authority's ample long-term water supply and favorable financial condition dictated by policy. The Authority's "AA-" rating was reaffirmed by Fitch in August 2016.

Revenues and expenses for FY 2017 increased as noted in the statement of revenues and expenses above. The majority of the expense increases were driven by several large Renewal and Replacement projects, as well as increased labor and utility costs that were partially offset by decreased chemical and repair and maintenance costs.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**PEACE RIVER/MANASOTA REGIONAL WATER SUPPLY AUTHORITY**  
**SEPTEMBER 30, 2017**  
*(Concluded)*

**Economic Factors and Next Year's Budgets and Rates** *(Concluded)*

*Near-term* focus for the Authority includes the completing the final design phases for the Phase 1 Interconnect Pipeline and the Phase 3B Regional Interconnect pipeline, the Raw Water ASR pilot testing, and in maintaining the best management of the existing regional system to serve Authority Customers. In the long-term, the Authority's focus remains on continuing development of a robust, environmentally sustainable, economical, and well maintained water supply system serving the region. This will require expanding the regional water transmission system to interconnect additional water supplies and demand centers, and development or acquisition of new supplies needed to meet Customer demands now and in the future.

**Requests for Information**

This financial report is designed to provide a general overview of the Peace River/Manasota Regional Water Supply Authority's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Authority at, 9415 Town Center Parkway, Lakewood Ranch, Florida 34202.

**PEACE RIVER/MANASOTA REGIONAL WATER SUPPLY AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**

**Note 1 - Summary of Significant Accounting Policies**

**Reporting Entity**

Peace River/Manasota Regional Water Supply Authority (the Authority) was established on February 26, 1982, by an interlocal agreement between the counties of Charlotte, DeSoto, Manatee, and Sarasota. The agreement was amended on February 1, 1984, May 21, 1991, and October 5, 2005.

The Authority was created and operates pursuant to the provisions of Chapters 373.713 and 163.01, Florida Statutes. The purpose of the Authority is to operate and maintain the Peace River Regional Water Treatment Facility and to ensure future water supply through the development of new surface water resources for member Counties and municipal purposes.

The Authority follows the provisions of Governmental Accounting Standards Board (GASB) Statement Numbers 14 and 61, regarding the financial reporting entity and component units. Based on the criteria established in those standards, the Authority is a primary government with no component units.

**Basis of Presentation**

These financial statements are prepared in accordance with U.S. generally accepted accounting principles for governmental entities, as determined by the GASB. Under these standards, the Authority is a single purpose entity engaged in only business-type activities. The following comprise the basic financial statements of the Authority:

- Proprietary (Enterprise) Fund Financial Statements:
  - Statement of Net Position
  - Statement of Revenues, Expenses, and Changes in Fund Net Position
  - Statement of Cash Flows
- Notes to Financial Statements

Governmental reporting includes a requirement for a management's discussion and analysis of the basic financial statements, and it requires the classification of net position into three components: net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- **Net Investment in Capital Assets**—consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any debt that is attributable to those assets (net of deferred charges on refunding and less any unspent debt proceeds).
- **Restricted Net Position**—consists of those assets that have external constraints placed upon their uses, which are imposed by donors, creditors (such as through debt covenants), or through laws, regulations, constitutional provisions or enabling legislation, reduced by any liabilities to be paid from these assets.
- **Unrestricted Net Position**—consists of net assets that do not meet the definition of “restricted” or “net investment in capital assets.”

**PEACE RIVER/MANASOTA REGIONAL WATER SUPPLY AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**  
*(Continued)*

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Basis of Presentation (Concluded)**

The statement of net position is presented in a classified format to distinguish between current and noncurrent assets and liabilities. The statement of revenues, expenses, and changes in fund net position is presented by major revenue source. The statement of cash flows is presented using the direct method.

**Measurement Focus/Basis of Accounting**

These proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and measurable and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Cost-reimbursable grants and contributions are recorded in the period in which the related expenditures are incurred.

The Authority reports the following fund type:

- **Proprietary Fund Type – Enterprise Fund**—A single Enterprise Fund is used to account for all of the operations of the Authority. Enterprise funds may generally be used to report any activity for which a fee is charged to external users for goods or services. Enterprise funds are required to be used for activities: (a) that are financed with debt secured solely by a pledge of the net revenues from fees and charges of the activity; (b) if laws and regulations require that the activity’s costs of providing services, including capital costs, be recovered with fees and charges, rather than with taxes or similar revenues; or (c) the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund’s principal ongoing operations. The principal operating revenues of the Authority are charges to customers for water sales and services, member dues, and other assessments related to operations of the Authority. Operating expenses include the cost of sales and services, studies and master plans, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority’s policy to use restricted resources first, then unrestricted resources as they are needed.

**Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements and accompanying notes. Actual results could differ from those estimates.

**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Budgets**

The Authority follows these procedures in establishing its annual budget:

- The Executive Director submits to the Authority a tentative operating budget no later than May 15 for the fiscal year commencing the following October. The budget contains proposed expenditures and the means of financing them.
- After review, the Authority adopts the final budget during a public hearing, no later than August 15 for the ensuing fiscal year.
- The annual budget is adopted on a basis consistent with generally accepted accounting principles, except that debt principal and capital expenditures are budgeted in the year paid/incurred, and depreciation and amortization are not budgeted. In addition, the budget may include certain transfers between restricted and unrestricted accounts.

**Funding Sources**

Funding is provided by capital and operating grants, from voluntary dues from the member Counties, and from irrevocable commitments from customers to pay for water sales.

**Water Sales**

The primary source of funding the Authority's operations is from water sales to its member counties and the City of North Port (who is a customer, not a member). The Authority does not currently provide any water to Manatee County, so charges to it consist solely of the member fees and customer planning assessments each year. The Authority is currently permitted to withdraw a maximum amount from the Peace River of 120 million gallons per day (MGD), and provides for the delivery of treated water to meet an annual average demand of 34.8 MGD and a peak month demand of 41.8 MGD to Authority Water Customers.

The Authority's water rate consists of two components; the Base Rate Charge and Water Use Charge. The Base Rate Charge is further broken into a Debt Service Component and a Fixed Operations and Maintenance Component. The Debt Service Component of the Base Rate Charge consists of costs from the 1991 acquisition and allocation percentages for the debt associated with additional water supply acquisitions and/or expansions and pipelines for each respective customer.

The Fixed Operations and Maintenance Component of the Base Rate Charge is calculated as a unitary rate based on each customer's contractual water allocation and consists of: fixed costs associated with CIP, Renewal and Replacement and Resource/Supply projects, Fund Disbursements associated with the prior fiscal year's debt service coverage payments, contributions to the Renewal and Replacement fund, and contingencies. The Fixed Operation and Maintenance Component also includes inter-governmental payments, such as DeSoto County's Payment.

The second component of the Authority's water rate is the Water Use Charge, which reflects actual metered water usage. This charge is derived from the Variable Operations and Maintenance Expenses related to the Peace River Facility cost center. For fiscal year 2017, the per 1,000 gallon charge was \$.74. The Authority has maintained the \$0.74 per 1,000 gallons for six consecutive years.

**Note 1 - Summary of Significant Accounting Policies (Continued)**

**Water Sales (Concluded)**

For the fiscal year ended September 30, 2017, water sales were allocated between Water Sales (\$28,390,798) and a Repair and Replacement Charge (\$2,000,000). Gross water sales to each of its customers were as follows:

Charlotte	\$	11,923,405
DeSoto		727,914
Sarasota		15,146,130
Manatee		0
North Port		<u>2,593,349</u>
<b>Total</b>		<u><u>\$ 30,390,798</u></u>

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Authority generally considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. The Authority's definition of cash equivalents includes investments with the Local Government Surplus Trust Fund administered by the State Board of Administration (Florida PRIME).

**Receivables**

Accounts and grant funds receivable are reported at their gross value, and where appropriate are reduced by the estimated portion that is expected to be uncollectible. There are no estimated uncollectible amounts at September 30, 2017.

**Inventory**

Inventory of chemicals and supplies is stated at the lower of cost or market. Cost is determined by the first-in, first-out method.

**Bond Issue Costs/Prepaid Bond Insurance**

Bond issuance costs (except for any prepaid bond insurance) are recorded as expenses in the period incurred. Prepaid bond insurance is recorded as an asset and amortized over the debt term.

**Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**Deferred Charge on Refunding**

In the case of an advance refunding resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is termed a refunding loss. Refunding losses are recorded as deferred outflows in the statement of net position and amortized over the remaining term of the *refunded* debt or the term of the new *refunding* debt, whichever is shorter.

**Note 1 - Summary of Significant Accounting Policies (Concluded)**

**Capital Assets**

Assets with an estimated useful life of longer than one year are capitalized if greater than \$1,000 (machinery, equipment, and leasehold improvements), \$5,000 (buildings, building improvements, and infrastructure), or \$25,000 (renewal and replacement projects). Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal repair and maintenance that do not add to the value of the asset or extend the useful life of the asset are expensed as incurred.

Capital assets are depreciated on a straight-line basis over the estimated lives of the related assets, as follows:

■ Buildings and Improvements, Water Treatment Plant, Supply, and Transmission Systems	10-40 Years
■ Leasehold Improvements, Furniture, and Equipment Years	5-20 Years
■ Vehicles	5 Years
■ Computers and Software	3 Years

**Bond Discounts and Premiums**

Bond discounts and premiums are deferred and amortized over the life of the bonds using the straight-line method. Bond discounts/premiums are recorded as a reduction/addition to the bond payable balance.

**Compensated Absences**

The Authority accrues vacation and sick pay benefits and the related costs in accordance with GASB Statement No. 16, *Accounting for Compensated Absences*. Employees are paid for accrued vacation time upon separation, and there are limits on the maximum amount of vacation hours that may be carried over from one calendar year to the next. Employees in good standing, with ten or more years of continuous and creditable service at separation, are entitled to one-half of accrued sick leave up to a maximum of 520 hours.

**Net Pension Liability**

The Authority participates in the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy (HIS) defined benefit plan administered by Florida Division of Retirement. Employers participating in cost-sharing multiple-employer defined benefit pension plans to report the employers' proportionate share of the net pension liabilities and related pension amounts of the defined benefit pension plans.

**Note 2 - Deposits and Investments**

**Deposits**

The Authority's policy allows deposits to be held in demand deposits, savings accounts, certificates of deposit, and money market accounts. At September 30, 2017, the Authority maintained deposits in demand deposit accounts. Deposits whose values exceeded the limits of federal depository insurance were entirely insured or collateralized pursuant to Chapter 280 of the Florida Statutes.

At September 30, 2017, the carrying amount of the Authority's deposits was \$4,171,507 and the bank balance was \$4,532,766.

In addition to cash deposits, the Authority maintains \$250 of petty cash on hand for minor employee expense reimbursements.

**Note 2 - Deposits and Investments (Continued)**

**Investments**

The Authority holds assets that are defined as investments. The Authority's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79.

The Authority holds investments in qualified external investment pools that measure all of its investments at amortized cost. The following investments are recorded at amortized cost at September 30, 2017:

<u>Investment Pool</u>	<u>Operating</u>	<u>Restricted</u>	<u>Amortized Cost</u>
SBA Florida PRIME	\$ 4,242,545	\$ 15,218,194	\$ 19,460,739
Florida Local Government Investment Trust	<u>1,032,745</u>	<u>3,098,234</u>	<u>4,130,979</u>
<b>Total</b>	<u>\$ 5,275,290</u>	<u>\$ 18,316,428</u>	<u>\$ 23,591,718</u>

Florida PRIME is administered by the Florida State Board of Administration (SBA) and managed by professional money managers. Florida PRIME invests exclusively in short-term, high-quality fixed income securities rated in the highest short-term rating category by one or more nationally recognized statistical rating agencies, or securities of comparable quality. The Florida Local Government Investment Trust (the Investment Trust) is one of two local government investment pools developed through the joint efforts of the Florida Court Clerks and Comptrollers and the Florida Association of Counties. It is a professionally managed, short-term bond fund. The Authority's investments in these pools are through shares owned in the funds and not the underlying investments.

Florida PRIME and the Investment Trust are considered stable value investment pools. The account balances approximate fair value, and balances are available for immediate withdrawal. The weighted average maturities of Florida PRIME and the Investment Trust at September 30, 2017, are 51 days and 1.66 years, respectively. The weighted average life (WAL) of Florida PRIME at September 30, 2017, is 80 days. Florida PRIME has a Standard & Poor's rating of "AAAm". The Investment Trust is rated "AAAF" for credit quality and "S1" for bond fund volatility by Standard & Poor's. Neither fund was exposed to foreign currency risk during the year.

**Authorized Investments**

The Authority has adopted an investment policy consistent with Florida Statutes 218.415, which authorizes the following investments:

- a. Local Government Surplus Funds Trust Fund, the State of Florida Investment Pool administered by the State Board of Administration (F.S. 218.405).
- b. United States Government Securities, which are negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by the United States Government.

**Note 2 - Deposits and Investments (Continued)**

**Authorized Investments (Concluded)**

- c. Securities of United States Government Agencies that issue bonds, debentures, notes, callables, or other evidence of indebtedness issued or guaranteed by United States agencies, provided such obligations are backed by the full faith and credit of the United States Government (include FHA, FFB, and GNMA).
- d. Securities of Federal Instruments (United States Government sponsored agencies) that issue bonds, debentures, notes, callables, or other evidence of indebtedness issued or guaranteed by United States Government agencies which are not full faith and credit agencies are limited to the FFCB, FHLB, FNMA, FHLMC, and SLMA.
- e. Nonnegotiable interest-bearing time certificates of deposit or savings accounts in banks organized under the laws of the United States, doing business and situated in the State of Florida, provided that, any such deposits are secured by the *Florida Security for Public Deposits Act*, Chapter 280, *Florida Statutes*.
- f. Repurchase Agreements (for purchase and subsequent sale) for any of the investments authorized above in Items b. and c.
- g. State and/or local government taxable and tax-exempt debt, general obligation and/or revenue bonds rated at least "Aa" by Moody's and "AA" by Standard & Poor's for long-term debt, or rated at least "MIG-2" by Moody's and "SP-2" by Standard & Poor's for short-term debt. Banker's Acceptances issued by a domestic bank, or a federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System which have an unsecured, uninsured and unguaranteed obligation rating of at least "Prime-1" and "A" by Moody's Investors Service and "A-1" and "A" by Standard & Poor's and ranked in the top fifty (50) United States banks in terms of total assets by the American Banker's yearly report.
- h. Commercial paper rated, at the time of purchase, must have the minimum rating listed of two of the following three nationally recognized rating agencies; "PRIME-1" by Moody's, "A-1" by Standard & Poor's (prime commercial paper), and "F-1" by Fitch.
- i. Money market mutual funds regulated by the Securities and Exchange Commission and whose portfolio consists only of domestic securities that are rated "Aam" or "Aam-G" or better by Standard & Poor's or the equivalent by another rating agency.
- j. Intergovernmental Investment Pools that are authorized pursuant to the *Florida Interlocal Cooperation Act*, as provided in Section 163.01, *Florida Statutes*.

In addition, the investment policy states that the Authority will not directly invest any funds in derivative investment products. This includes, but is not limited to, collateralized mortgage obligations (CMO), interest-only (IO) and principal-only (PO) forwards, futures, currency and interest rate swaps, options floaters/inverse floaters, and caps/floors/collars.

**Note 2 - Deposits and Investments (Concluded)**

**Risk Disclosures**

The Authority's investment policy limits credit and custodial risk by limiting the amount of investments, which are not direct U.S. Government Obligations or in the Local Government Surplus Trust Fund, and having a qualification process for broker/dealers. In addition, the policy requires independent third-party custodians, when applicable.

Interest rate risk is controlled by limiting the maximum length of obligations purchased. Unless matched up to a specific cash flow, the Authority will not directly invest in securities maturing more than two years from the date of purchase.

**Note 3 - Receivables**

Accounts receivable at September 30, 2017, consists primarily of amounts due from customers for water sales, in the amount of \$3,779,054.

Grants receivable as of year-end include amounts due from Southwest Florida Water Management District in the amount of \$251,582 and from the Florida Department of Environmental Protection in the amount of \$923,296 for capital grants.

All amounts are considered collectible. There is no allowance for uncollectible accounts.

**Note 5 - Long-term Debt (Continued)**

**The 2010A and B Bonds (Concluded)**

The 2010A Bonds were issued at a discount of \$328,500, as term bonds maturing on October 1, 2037, but subject to mandatory redemption in specified lots beginning on October 1, 2036. The stated interest rate on the term bonds is 4.50%. The unamortized discount at September 30, 2017, is \$243,333, as shown above. No principal payments are due until October 1, 2036, but interest is due semi-annually each October 1 and April 1. The final maturity is October 1, 2037. Early redemption is not permitted.

The proceeds of the 2010B Bonds were issued to provide funds for financing a portion of the costs of certain capital improvements including Phases 2 and 3A of the Regional Integrated Loop System (RILS) project, fund capitalized interest, and pay issuance costs. A portion of the 2010B Bonds are designated by the Authority as Build America Bonds, authorized by the *American Recovery and Reinvestment Act of 2009*. As such, the Authority expects to receive Federal Direct Payments from the U.S. Treasury in an amount equal to approximately 30% of each interest payment on the 2010B Bonds.

The 2010B Bonds were issued without premium or discount, as term bonds maturing on October 1, 2040, but subject to mandatory redemption in specified lots beginning on October 1, 2037. The stated interest rate on the term bonds is 6.402%. No principal payments are due until October 1, 2037, but interest is due semi-annually each October 1 and April 1. The final maturity is October 1, 2040. Early redemption is not permitted.

**The 2014 and 2015 Bonds**

On October 6, 2014, the Authority issued \$27,390,000 Utility System Refunding Revenue Bonds, Series 2014A (the 2014A Bonds). On December 29, 2014, the Authority issued \$56,065,000 Utility System Refunding Revenue Bonds Series 2014B (the 2014B Bonds). On July 7, 2015, the Authority issued \$23,910,000 Utility System Refunding Revenue Bonds Series 2015 (the 2015 Bonds).

The 2014A and 2014B Bonds were issued to provide funds, together with other legally available monies of the Authority, for the principal purpose of refinancing the Authority's outstanding 2005A Bonds in the par amount of \$88,415,000. The 2015 Bonds were issued to provide funds, together with other legally available monies of the Authority, for the principal purpose of refinancing the Authority's outstanding 2005B Bonds in the par amount of \$27,845,000.

The 2014A Bonds were issued without premium or discount, as term bonds maturing on October 1, 2027, but subject to mandatory redemption in specified lots beginning on October 1, 2015. The stated interest rate on the term bonds is 2.54%. Principal payments are due each October 1, and interest is due semi-annually each October 1 and April 1. The final maturity is October 1, 2027. Early redemption is permitted, subject to certain conditions.

The 2014B Bonds were issued at a premium of \$8,903,446, as serial bonds, with stated interest rates of 5.00% (except for \$150,000 at 2.00% which was due and payable on October 1, 2015). The unamortized premium at September 30, 2017 is \$7,914,174. Principal payments are due each October 1, beginning October 1, 2028 (except for \$150,000 at 2.00% which was due and payable on October 1, 2015), and interest is due semi-annually each October 1 and April 1. The final maturity is October 1, 2035. The 2014B Bonds may be redeemed in whole or in part at any time on or after October 1, 2024, without penalty.

**The 2014 and 2015 Bonds (Concluded)**

The 2015 Bonds were issued at a premium of \$3,310,428, as serial bonds, with stated interest rates of 5.00%. The unamortized premium at September 30, 2017, is \$2,726,235. Principal payments are due each October 1, and interest is due semi-annually each October 1 and April 1. The final maturity is October 1, 2028. The 2015 Bonds may be redeemed in whole or in part at any time on or after October 1, 2024, without penalty.

At September 30, 2017, unamortized losses were \$2,224,058 (2014 A/B Bonds) and \$65,882 (2015 Bonds). Amortization of \$123,559 (2014 A/B Bonds) and \$6,274 (2015 Bonds) were charged to interest expense in 2017. These losses are being amortized over the remaining debt term using the straight-line method.

**Other Provisions**

Principal and interest on the above bonds are payable from and secured by a lien upon and pledge of the Net Revenues (see below) plus the balances in certain funds and accounts as defined in the bond resolutions. The lien and pledge on each series of bonds is on parity with the others.

Bond covenants require the Authority to set rates so as always to provide, in each fiscal year, Net Revenues equal to: (1) at least 115% of the Annual Debt Service becoming due in such fiscal year; and (2) at least 100% of any required County Payments, as defined in the bond resolutions. Net Revenues are defined in the bond resolutions as Gross Revenues less Operating and Maintenance Costs. Gross Revenues are operating revenues (excluding member dues) plus investment earnings, Federal Direct Payments, and certain transfers from the Rate Stabilization Account. Operating and Maintenance Costs are operating expenses excluding depreciation, studies, and master plans. Following are the required disclosures for 2017:

<u>Pledge Revenue</u>	<u>Revenue Pledged Through</u>	<u>Total Principal and Interest Outstanding</u>	<u>Current Year Principal and Interest Paid</u>	<u>Current Year Net Revenue</u>	<u>Percentage of Net Revenues to Principal and Interest Paid</u>
Net Revenues	10/01/40	\$ 249,341,544	\$ 8,968,845	\$ 16,655,035	185.7%

The following is a schedule of future gross debt service requirements (excluding federal direct payments) of the Authority's outstanding bonds payable:

<u>Year Ending September 30.</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$ 2,585,000	\$ 6,964,169	\$ 9,549,169

**Other Provisions (Concluded)**

Total interest costs on the above bonds incurred during 2017 were \$7,061,851, and federal direct payments on the 2010B Bonds were \$578,006. No interest costs were capitalized in 2017.

**Note 6 - Restricted and Internally Designated Assets and Net Position**

Restricted assets represent moneys that have been set aside as a result of bond covenants or contractual agreements. Internally designated assets represent moneys for which the Authority has a customer obligation or the Board has taken action to designate. Interest earnings are added to the balances and authorized expenditures are deducted from both restricted and internally designated assets.

Net position is restricted when restricted assets are funded from operating revenues. Unspent bond proceeds (construction accounts plus/minus other restricted receivables and payables) are added back to net position, net investment in capital assets. Following are the balances in restricted assets and internally designated assets, as well as restricted and internally designated net position at September 30, 2017:

	<b>Restricted Assets</b>	<b>Internally Designated Assets</b>	<b>Total</b>	<b>Restricted and Internally Designated Net Position</b>

Restricted contracts payable, in the amount of \$288,812, and restricted grant funds receivable, in the amount of \$1,174,878, account for the variance between Restricted and Internally Designated Assets and Restricted and Internally Designated Net Position above.

Within the assets restricted for capital outlay, grants, etc. above, certain amounts have been attributed to specific customers to be used toward future projects as follows:

	<b>Allocated Project Savings</b>
Charlotte County	\$ 0
Sarasota County	1,266,900
City of North Port	3,057,489

**Note 7 - Retirement Plan**

**General Information about the Florida Retirement System (FRS)**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Authority are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site ([www.dms.myflorida.com](http://www.dms.myflorida.com)).

*Payables to the Pension Plan.* At September 30, 2017, the Authority reported a payable of \$6,634 for the outstanding amount of contributions to the Plan, required for the fiscal year ended September 30, 2017.

**FRS Pension Plan**

*Plan Description.* The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the Authority are as follows:

- *Regular Class*—Members of the FRS who do not qualify for membership in the other classes.
- *Senior Management Service Class (SMSC)*—Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

**Note 7 - Retirement Plan (Continued)**

**FRS Pension Plan (Continued)**

*Plan Description.* DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. The following chart shows the percentage value for each year of service credit earned:

<b>Class, Initial Enrollment, and Retirement Age/Years of Service</b>	<b>Percent Value</b>
<b><i>Regular Class Members Initially Enrolled Before July 1, 2011:</i></b>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<b><i>Regular Class Members Initially Enrolled on or After July 1, 2011:</i></b>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<b><i>Senior Management Service Class</i></b>	<b>2.00</b>

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

*Contributions.* The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the Authority's 2016-17 fiscal year were as follows:

The Authority's contributions (employer only) to the Plan totaled \$196,023 for the fiscal year ended September 30, 2017. This excludes the HIS defined benefit pension plan contributions.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.* At September 30, 2017, the Authority reported a liability of \$2,185,902 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Authority's proportionate share of the net pension liability was based on the Authority's 2016-17 fiscal year contributions relative to the fiscal year 2015-16 fiscal year contributions of all participating members. At June 30, 2017, the Authority's proportion was .007389964%, which was an increase of .000000405 from its proportion measured as of June 30, 2016.

For the year ended September 30, 2017, the Authority recognized pension expense of \$393,122 related to the Plan. At September 30, 2017, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

The deferred outflows of resources related to pensions, totaling \$55,025, resulting from Authority contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Total</b>	<u>\$ 900,641</u>

Actuarial Assumptions. The total pension liability in the July 1, 2017, actuarial valuation was determined using the individual entry age cost method, and the following actuarial assumptions:

Inflation	2.60%
Salary Increases	3.25% Average, Including Inflation
Discount Rate	7.10%
Long-term Expected Rate of Return,	
Net of Investment Expense	7.10%
Municipal Bond Index	N/A

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Discount Rate. The discount rate used to measure the total pension liability was 7.10%. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate was 7.60% in the July 1, 2016 valuation.

Sensitivity of the Authority's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.10%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

*FRS – Authority:*

**HIS Pension Plan**

*Plan Description.* The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

*Benefits Provided.* For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

*Contributions.* The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the Plan fiscal years ended June 30, 2018 and 2017, the contribution rate was 1.66% of payroll pursuant to Section 112.363, Florida Statutes. The Authority contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Authority's contributions to the HIS Plan totaled \$44,994 for the fiscal year ended September 30, 2017.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.* At September 30, 2017, the Authority reported a net pension liability of \$888,825 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Authority's proportionate share of the net pension liability was based on the Authority's 2016-17 fiscal year contributions relative to the total 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the Authority's proportionate share was 0.008312633%, which was an increase of .000003234980 from its proportionate share measured as of June 30, 2016.

For the fiscal year ended September 30, 2017, the Authority recognized pension expense of \$70,436 related to the HIS Plan. In addition, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

*Discount Rate.* The discount rate used to measure the total pension liability was 3.58%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

*Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.* The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 3.58%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58%) or 1-percentage-point higher (4.58%) than the current rate:

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)

**FRS – Defined Contribution Pension Plan**

The Authority contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. Authority employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to

individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment member’s accounts during the 2016-17 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	6.30%
FRS, Senior Management Service	7.67%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Authority.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Authority’s Investment Plan pension expense totaled \$21,243 for the fiscal year ended September 30, 2017.

**Note 8 - Operating Lease**

The Authority leases its administrative headquarters in Lakewood Ranch, Florida. The lease is for a three-year term through April 30, 2020, with two three-year renewal options. The lease contains annual fixed rent increases over the lease term, plus adjustments for actual common area maintenance costs (CAM). The rent expense for 2017 was \$154,068. Future minimum commitments under this operating lease as of September 30, 2017, are as follows:

<u>Year</u>	<u>Amount</u>
2018	\$ 150,216
2019	152,241
2020	89,504

**Note 9 - Risk Management**

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Authority carries commercial insurance. There has been no significant reduction in insurance coverage from the prior year, and there have been no settlements or claims in excess of coverage for the past three years.

## **OTHER REPORTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Directors  
Peace River/Manasota Regional  
Water Supply Authority  
Sarasota, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Peace River/Manasota Regional Water Supply Authority (the Authority) as of and for the year ended September 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated February 23, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

WITH FLORIDA STATUTE SECTION 218.415 – INVESTMENTS OF PUBLIC FUNDS**

Board of Directors  
Peace River/Manasota Regional  
Water Supply Authority  
Sarasota, Florida

We have examined the Peace River/Manasota Regional Water Supply Authority's (the Authority) compliance with Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2017. Management is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements during the fiscal year ended September 30, 2017.

This report is intended solely for the information and use of the Florida Auditor General, and the Authority's Board of Directors and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance for Each Major State Project**

We have audited the Peace River/Manasota Regional Water Supply Authority's (the Authority) compliance with the types of compliance requirements described in the *Florida Department of Financial Services' State Project Compliance Supplement* that could have a direct and material effect on the Authority's major state project for the year ended September 30, 2017. The Authority's major state project is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its state projects.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the Authority's major state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*. Those standards and rules require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state project occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state project. However, our audit does not provide a legal determination of the Authority's compliance.

**Opinion on the Major State Project**

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state project for the year ended September 30, 2017.

**Report on Internal Control over Compliance**

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state project, and to test and report on internal control over compliance in accordance with Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. ## MANAGEMENT LETTER

Board of Directors  
Peace River/Manasota Regional  
Water Supply Authority  
Sarasota, Florida

### Report on the Financial Statements

We have audited the financial statements of Peace River/Manasota Regional Water Supply Authority (the Authority), as of and for the fiscal year ended September 30, 2017, and have issued our report thereon dated February 23, 2018.

### Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

### Other Reports and Schedule

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on Compliance with Florida Statute Section 218.415 – Investments of Public Funds. Disclosures in those reports, which are dated February 23, 2018, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding annual financial audit report.

### Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Authority was created by interlocal agreement dated February 26, 1982. There are no component units.

### Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and to identify the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

**Financial Condition (Concluded)**

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

**Annual Financial Report**

Sections 10.554(1)(i)5.b. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and communicate the results of our determination as to whether the annual financial report for the Authority for the fiscal year ended September 30, 2017, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), *Florida Statutes*, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2017. In connection with our audit, we determined that these two reports were in agreement.

**Additional Matters**

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

**Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, granting agencies and pass-through entities including the Southwest Florida Water Management District, and the Authority's Board of Directors and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.
