2.3 Unauthorized Purchases

Except as herein provided in this Policy, it shall be a violation of this Policy for any Authority officer, employee, or other person, to order the purchase of any materials or supplies, or make any contract for materials, supplies, or services within the purview of this Policy in the name of or on behalf of the Authority other than through the Procurement Officer or a designee of the Procurement Officer, and the Authority shall not be bound by any purchase order or contract made contrary to the provisions herein.

Consistent with established Personnel Rules and Regulations, the Executive Director may impose any one or more of the following sanctions on an Authority employee for violation of this Section of this Policy:

- (1) oral or written warnings or reprimands;
- (2) suspension with or without pay for specified periods of time; or
- (3) termination of employment.

CHAPTER 3 – SOURCE SELECTION AND CONTRACT FORMATION**3.1 Methods of Source Selection****3.1.1 Competitive Sealed Bidding**

- (1) Conditions for Use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Sections 3.1.2 (Competitive Sealed Proposals), 3.1.3 (Contracting for Designated Professional Services), 3.1.4 (Delegation of Authority), 3.1.5 (Sole Source Procurement), 3.1.6 (Emergency Procurements), and 5.4.1 (Public Announcement, Competitive Selection and Negotiation) of this Policy.
- (2) Invitation to Bid. An invitation to bid shall be issued and shall include specifications, and all contractual terms and conditions applicable to the procurement.
- (3) Public Notice. Public notice of the invitation to bid shall be given not less than ten (10) calendar days prior to the date set forth in the notice for the opening of bids. Such notice may be given by mail or by publication in a subscription newspaper of general circulation in each county of the Authority. The public notice shall state the place, date, and time of bid opening.
- (4) Bid Opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation to bid. The amount of each bid and such other relevant information as the Procurement Officer deems appropriate, together with the name of each bidder, shall be recorded.
- (5) Bid Acceptance and Bid Evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Policy. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life cycle costs. The invitation to bid shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluations that are not set forth in the invitation to bid, in regulations, or in this Policy.
- (6) Correction or Withdrawal of Bids; Cancellation of Awards. Correction or withdrawal of inadvertently erroneous bids before or after bid opening, or cancellation of awards or contracts based on such bid mistakes, may be permitted where appropriate. Mistakes discovered before bid opening, may be modified or withdrawn by written or telegraphic notice received in the office designated in the invitation to bid prior to time set for bid opening. After bid opening, corrections in bids shall be permitted only to the extent that the bidder can show by clear and convincing evidence that a mistake of a nonjudgmental character was made, the nature of the mistake, and the bid price actually intended. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the Authority or fair competition shall be permitted except as permitted above. In lieu of bid correction, a low bidder alleging a material mistake of fact may be permitted to withdraw his bid if:

- (a) the mistake is clearly evident on the face of the bid document but the intended correct bid is not similarly evident; or
 - (b) the bidder submits evidence that clearly and convincingly demonstrates that a mistake was made. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the Procurement Officer or a designee of the Procurement Officer whose determination shall be final.
- (7) Award. The contract shall be awarded with reasonable promptness by appropriate written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation to bid and is approved by the Authority Board of Directors except as otherwise provided for by Section 3.1.3 (Contracting for Designated Professional Services). In the event the lowest responsible and responsive bid for a construction project exceeds available funds, and such bid does not exceed such funds by more than 15%, the Procurement Officer is authorized, when time or economic considerations preclude re-solicitation of work of a reduced scope, to negotiate an adjustment of the bid price with the lowest responsible and responsive bidder, in order to bring the bid within the amount of available funds. Any such negotiated adjustment shall be subject to approval by the Authority Board of Directors.
- (8) Multi-Step Sealed Bidding. When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation to bid may be issued requesting the submission of unpriced offers to be followed by an invitation to bid limited to those bidders whose offers have been determined to be technically acceptable under the criteria set forth in the first solicitation.

3.1.2 Competitive Sealed Proposals

- (1) Conditions for Use. When the Procurement Officer determines that the use of competitive sealed bidding is either not practicable or not advantageous to the Authority, a contract may be entered into by use of the competitive sealed proposals method.
- (2) Request for Proposals. Proposals shall be solicited through a request for proposals.
- (3) Public Notice. Adequate public notice of the request for proposals shall be given in the same manner as provided in Section 3.1.1(3) (Competitive Sealed Bidding, Public Notice); provided, the minimum time shall be ten (10) calendar days.
- (4) Receipt of Proposals. No proposals shall be opened until the time designated in the public notice of the request for proposals. A register of proposals shall be prepared containing the name of each offeror, the number of bid document modifications received, if any, and a description sufficient to identify the item offered.
- (5) Evaluation Factors. The request for proposals shall state the relative importance of price and other evaluation factors.

-
- (6) Discussion with Responsible Offerors and Revisions to Proposals. As provided in the request for proposals, discussions may be conducted with responsible and responsive offerors who submit proposals determined to be reasonably likely to be selected for award for the purpose of clarification to assure full understanding of, and conformance to, the procurement requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers.
 - (7) Award. The contract shall be awarded to the lowest responsible and responsive offeror whose proposal is determined in writing to be the most advantageous to the Authority, taking into consideration price and the evaluation factors set forth in the request for proposals. No other factors or criteria shall be used in the evaluation. The Contract file shall contain the basis on which the award is made. The notice of awarded or intended award shall be posted on the Authority's website.

3.1.3 Contracting for Designated Professional Services

- (1) General Authority. Procurement of certain professional services licensed to practice in Florida, shall be by the use of the competitive sealed proposals method set forth in Section 3.1.2 (Competitive Sealed Proposals), except as authorized by Section 3.1.5 (Sole Source Procurement), Section 3.1.6 (Emergency Procurement), or Chapter 5 (Procurement of Construction, Architect, Engineer, and Land Surveying Services), or except when the fee for professional services is limited to \$6,000 or less per fiscal year of the Authority, procurement of professional services may be authorized by Section 3.1.4 (Delegation of Authority).

The Procurement Officer shall insure negotiations are conducted, as appropriate, as to price, delivery, and terms. A record of sole source procurements shall be maintained as a public record and shall list each contractor's name, the amount and type of each contract, a listing of the item(s) procured under each contract, and the number of each purchase order. Due to the uniqueness of real property, contracts for the acquisition of leasehold interests in real property shall generally be considered as a sole source procurement and awarded in accordance with this provision. 3.1.6 Emergency Procurements

A written determination of the basis for the emergency and for the selection of the particular vendor shall be included in the procurement file. As soon as practicable, a record of each emergency procurement shall be made and shall set forth the vendor's name, the amount and type of the purchase, a listing of the item(s) procured, and the number of the purchase order.

3.1.7 Cancellation of Invitation to Bid or Requests for Proposals

An invitation to bid, a request for proposals, a request for qualifications, or other solicitation may be canceled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is for good cause and in the best interests of the Authority. The reasons therefore shall be made part of the contract file. Each solicitation issued by the Authority shall state that the solicitation may be canceled and that any bid or proposal may be rejected in whole or in part for good cause when in the best interests of the Authority; however, any failure to provide said statement in a bid solicitation shall not bar the Authority from canceling or rejecting all bids. Bidders are on constructive notice of all provisions contained in this Policy. Notice of cancellation shall be sent to all businesses that responded. The notice shall identify the solicitation, explain the reason for cancellation and, where appropriate, explain that an opportunity will be given to compete on any resolicitation or any future procurements of similar items.

Any questions concerning a solicitation shall be directed only to the person designated by the procurement. Failure to adhere to this requirement may make the person or team ineligible for selection at the sole discretion of the Authority.

3.2 Qualifications and Duties

3.2.1 Responsibility of Bidders and Offerors

If a bidder or offeror who otherwise would have been awarded a contract is found non-responsible, a written determination of non-responsibility, setting forth the basis of the finding, shall be prepared by the Procurement Officer. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of non-responsibility with respect to such bidder or offeror. A copy of the determination shall be sent promptly to the non-responsible bidder or offeror. The final determination shall be made part of the contract file.

3.2.2 Cost or Pricing Data

- (1) Required Submissions Relating to the Award of Contracts. A prospective contractor shall submit cost or pricing data when the contract is expected to exceed \$100,000 and is to be awarded by competitive sealed proposals (Section 3.1.2), or by sole source procurement authority (Section 3.1.5).

EXCEPTION: The submission of cost or pricing data relating to the award of a contract is not required when:

- (a) the contract price is based on adequate price competition;
 - (b) the contract price is based on established catalogue prices or market prices;
 - (c) the contract price is set by law or regulation; or
 - (d) it is determined in writing by the Procurement Officer that the requirements of Section 3.2.2(1) above may be waived, and the determination states the reasons for such waiver.
- (2) Required Submissions Relating to Change Orders or Contract Modifications. A contractor shall submit cost or pricing data with any change order or contract modification, including adjustments to contracts awarded by competitive sealed bidding, whether or not cost or pricing

data was required in connection with the initial pricing of the contract, when the change or modification involves aggregate increases or aggregate decreases in costs plus applicable profits that are expected to exceed \$25,000.

EXCEPTION: The submission of cost or pricing data relating to the pricing of a change order or contract modification when:

- (a) unrelated and separately priced adjustments for which pricing data would not be required are consolidated for administrative convenience; or
 - (b) it is determined in writing by the Procurement Officer that the requirements of Section 3.2.2(2) above may be waived, and the determination states the reasons for such waiver.
- (3) **Certification Required.** A contractor, actual or prospective, required to submit cost or pricing data in accordance with this Section, shall certify that, to the best of its knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually specified date prior to the award of the contract or the pricing of the change order or contract modification.
- (4) **Price Adjustment Provision Required.** Any contract award, change order, or contract modification under which the submission and certification of cost or pricing data are required shall contain a provision stating that the price to the Authority, including profit or fee, shall be adjusted to exclude any significant sums by which the Authority finds that such price was increased because the contractor-furnished cost or pricing data was inaccurate, incomplete, or not current.

3.2.3 Cost or Price Analysis

A cost analysis or a price analysis, as appropriate, shall be conducted prior to award of the contract other than one awarded under Section 3.1.1 (Competitive Sealed Bidding). A written record of such cost analysis or price analysis shall be made a part of the contract file.

3.2.4 Bid, Performance, and Payment Bonds on Supply or Service Contracts

Bid, performance, and payment bonds or other security may be requested for supply contracts or service contracts as the Procurement Officer deems advisable to protect the Authority's interests. Any such bonding requirements shall be set forth in the solicitation. Bid, performance, or payment bonds shall not be used as a substitute for a determination of a bidder or offeror's responsibility.

3.2.5 Public Entity Crimes

Any bidder or offeror shall provide to the Authority a sworn statement pursuant to Section 287.133(3)(a), Florida Statutes, on Public Entity Crimes. The statement shall be substantially the same as the form contained in Appendix A.

3.2.6 Scrutinized Companies

Section 287.135, Florida Statutes, related to scrutinized companies is applicable to the Authority. Entering into contracts with certain persons for goods or services of \$1,000,000 or more may be prohibited by Section 287.135, Florida Statutes. In addition, Section 287.135(5), Florida Statutes, requires persons submitting a bid or proposal for a contract or before the person enters into or renews a contract for good and services of \$1,000,000 or more to certify that certain requirements are met. By submitting a bid or offer, a bidder or offeror certifies that it is in compliance with Section 287.135, Florida Statutes and agrees to notify the Authority if placement on any of the lists occurs. If bidder or offer submits a false certification, the Authority may terminate the applicable contract and bring a civil action against bidder or offeror, which may result in a penalty equal to the greater of \$2 million or twice the amount of the contract and all reasonable attorney's fees and costs, including any costs for investigations that led to the finding of false certification.

3.2.7 Convicted Vendor List

By submitting a bid or offer, a bidder or offeror certifies that it and its affiliates have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the effective date of the contract.

3.2.8 E-Verify

Section 448.095, Florida Statutes, related to registering and using the E-Verify system to verify the work authorization status of all newly hired employees by a public employer, contractor, or subcontractor, is applicable to the Authority. The Authority may not enter into a contract unless each party to the contract registers with and uses the E-Verify system. By submitting a bid or offer, a bidder or offeror certifies: (i) it is registered with and uses the E-Verify system operated by the U.S. Department of Homeland Security to verify the work authorization status of all newly hired employees, (ii) during the year prior to making its submission or entering into the contract, no contract of bidder or offeror was terminated by a public employer in compliance with Section 448.095, Florida Statutes, (iii) bidder or offeror is and shall remain in compliance with Sections 448.09 and 448.095, Florida Statutes, including securing and maintaining subcontractor affidavits as required by Section 448.095(2)(b), Florida Statutes, and (iv) bidder or offeror shall require all subcontractors performing work under a contract to use the E-Verify system for any employees hired on and after January 1, 2021. Bidder or offeror must provide evidence to the Authority of compliance with Section 448.095, Florida Statutes, prior to entering into a contract. The Authority's receipt of proof that bidder or offeror and each subcontractor are E-Verify system participants is a condition precedent to entering into a contract. The submission of an executed affidavit, similar to the affidavit in Appendix B, from a bidder or offeror and any subcontractor stating it is in compliance with Section 448.095, Florida Statutes, and all employees hired on and after January 1, 2021, have had their work authorization status verified through the E-Verify system shall satisfy this Section 3.2.8. If the Authority has a good faith belief that a bidder or offeror or its subcontractors have knowingly hired, recruited, or referred an alien who is not duly authorized to work by the immigration laws or the Attorney General of the United States for employment, the Authority shall terminate the contract and bidder or offeror shall be liable for any additional costs incurred by the Authority as a result of the termination of the contract based on the failure of the bidder or offeror or its subcontractors to comply with the E-Verify requirements.

3.3 Types of Contracts and Contract Administration

3.3.1 Types of Contracts

- (1) General Authority. Subject to the limitations of this Section, any type of contract that is appropriate to the procurement and promotes the best interests of the Authority may be used, provided that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost reimbursement contract may be used only when a determination is made in writing by the Procurement Officer that such contract is likely to be less costly to the Authority than any other type or that it is impracticable to obtain the supply, service, or construction item required except under such a contract.
- (2) Multi-Term Contracts.
 - (a) Specified Period. Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the Authority, provided the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefore in the budget of the Authority, as determined by the Authority Board of Directors.
 - (b) Determination Prior to Use. Prior to the utilization of a multi-term contract, it shall be determined in writing:
 - i. that estimated requirements cover the period of the contract and are reasonably firm and continuing; and
 - ii. that multi-term contracts for continuing services for engineering, architectural, and landscape architectural services, shall contain a non-exclusivity clause that permits the Authority to utilize, at its option, either the services of the person, business, or organization holding a multi-term continuing service contract on a project basis per appropriate statutes.
 - (c) Cancellation Due to Unavailability of Funds in Succeeding Fiscal Periods. When funds are not appropriated or otherwise available to support continuation of performance in a subsequent fiscal period, the multi-term contract shall be canceled and the contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the supplies or services delivered under the contract up to the time of notice of cancellation. The cost of cancellation may be paid from any appropriations available for such purposes.
- (3) Multiple Source Contracting.
 - (a) General. A multiple source award is an award of an indefinite quantity contract for one or more similar supplies or services to more than one bidder or offeror. The

obligation to order the Authority's actual requirements is limited by Section 672.306(1), Florida Statutes, the Uniform Commercial Code.

- (b) Limitations on Use. A multiple source award may be made when award to two or more bidders or offerors for similar products is necessary for adequate delivery, service, or product compatibility. Any multiple source award shall be made in accordance with the provisions of Section 3.1.1 (Competitive Sealed Bidding), Section 3.1.2 (Competitive Sealed Proposals), 3.1.4 (Delegation of Authority) or Section 3.1.6 (Emergency Procurements) as applicable. Multiple source awards shall not be made when a single award will meet the Authority's needs without sacrifice of economy or service. Awards shall not be made for the purpose of dividing the business, making available product or supplier selection to allow for user preference unrelated to utility or economy, or avoiding the resolution of tie bids. Any such awards shall be limited to the least number of suppliers necessary to meet the valid requirements.
- (c) Contract and Solicitation Provisions. The Authority's estimated supply or service requirements shall be specified in the solicitation, and contracts ensuring adequate delivery, service, or product compatibility will be executed, provided that:
 - i. the Authority reserves the right to take bids separately if a particular quantity requirement arises that exceeds its normal requirement or an amount specified in the contract; and
 - ii. the Authority reserves the right to take bids separately if the Procurement Officer approves a finding that the supply or service available under the contract will not meet a nonrecurring special need of the Authority.
- (d) Intent to Use. If a multiple source award is anticipated prior to issuing a solicitation, the Authority shall reserve the right to make such an award and the criteria for award shall be stated in the solicitation.

3.3.2 Contract Clauses and Their Administration

- (1) Contract Clauses. All contracts for supplies, services, and construction shall include provisions necessary to define the responsibilities and rights of the parties to the contract. The Procurement Officer, after consultation with the Authority Attorney, may issue clauses appropriate for supply, service, or construction contracts, addressing among others the following subjects:
 - (a) the unilateral right of the Authority to order in writing changes in the work within the scope of the contract;
 - (b) the unilateral right of the Authority to order in writing temporary stopping of the work or delaying performance that does not alter the scope of the contract;
 - (c) variations occurring between estimated quantities of work in contract and actual quantities;

- (d) defective pricing;
- (e) time of performance and liquidated damages;
- (f) specified excuses for delay or nonperformance;
- (g) termination of the contract for default;
- (h) termination of the contract in whole or in part for the convenience of the Authority;
- (i) suspension of work on a construction project ordered by the Authority, and;
- (j) site conditions differing from those indicated in the contract, or ordinarily encountered, except that a differing site conditions clause need not be included in a contract:
 - i. when the contract is negotiated;
 - ii. when the contractor provides the site or design; or
 - iii. when the parties have otherwise agreed with respect to the risk of differing site conditions.

(2) Price Adjustments.

- (a) Adjustments in price resulting from the use of contract clauses required by Subsection (1) of this Section shall be computed in one or more of the following ways:
 - i. by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
 - ii. by unit prices specified in the contract or subsequently agreed upon;
 - iii. by the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;
 - iv. in such other manner as the contracting parties may mutually agree; or
 - v. in the absence of agreement by the parties by a unilateral determination by the Authority of the costs attributable to the events or situations under such clauses with adjustment of profit or fee as computed by the Authority, as accounted for in accordance with Authority cost accounting principles regulations, or lack applicable Authority regulations in accordance with generally accepted cost accounting principles, and subject to the provisions of Chapter 8 (Appeals and Remedies).

- (b) A contractor shall be required to submit cost or pricing data if any adjustment in contract price is subject to the provisions of Section 3.2.2 (Cost or Pricing Data).
- (3) Standard Clauses and Their Modification. The Procurement Officer, after consultation with the Authority Attorney, may establish standard contract clauses for use in Authority contracts. However, the Procurement Officer may, upon consultation with the Authority Attorney, vary any such standard contract clauses for any particular contract.

3.3.3 Contract Administration

A contract administration system designed to ensure that a contractor is performing in accordance with the solicitation under which the contract was awarded, and the terms and conditions of the contract, shall be maintained.

3.3.4 Cost Reimbursement Provisions

If a contract is being funded in whole or in part by assistance from a federal agency, then reimbursement to contractors for incurred costs or cost estimates included in negotiated prices may be subject to appropriate federal cost principles, e.g., Subpart 1-15 of Title 41, Code of Federal Regulations. Individual federal agencies may have requirements applicable to their particular assistance programs. Lacking applicable federal regulations, individual federal agency regulations, or Authority regulations, cost reimbursement shall be in accordance with generally accepted cost accounting principles.

3.3.5 Right to Inspect Plant

The Authority may, at reasonable times, inspect the part of the plant, place of business, or worksite of a contractor or subcontractor at any tier that is pertinent to the performance of any contract awarded or to be awarded by the Authority.

3.3.6 Right to Audit Records

- (1) Audit of Cost or Pricing Data. The Authority may make provision in its contracts such that it can, at reasonable times and places, audit the books and records of any contractor who has submitted cost or pricing data pursuant to Section 3.2.2 (Cost or Pricing Data) to the extent that such books, documents, papers, and records are pertinent to such cost or pricing data. Any person who receives a contract, change order, or contract modification for which cost or pricing data is required, shall maintain such books, documents, papers, and records that are pertinent to such cost or pricing data for five (5) years from the date of the final payment under the contract.
- (2) Contract Audit. The Authority shall be entitled to audit the books and records of a contractor or a subcontractor at any tier under any negotiated contract or subcontract, other than a fixed-price contract, to the extent that such books, documents, papers, and records are pertinent to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of five (5) years from the date of the final payment under the prime contract and by the subcontractor for a period of five (5) years from the date of final payment under the subcontract.

- (3) Contractor Records. If a contract is being funded in whole or in part by assistance from a federal agency, then the contract shall include provisions:
- (a) requiring the contractor and subcontractors at any tier to maintain for five (5) years from the date of final payment under the contract, all books, documents, papers, and records pertinent to the contract; and
 - (b) requiring the contractor and subcontractor at any tier to provide to the Authority, the federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives access to such books, documents, papers, and records for the purpose of examining, auditing, and copying them.

3.3.7 Authority Procurement Records

All determinations and other written records pertaining to the solicitation, award, or performance of a contract shall be maintained for the Authority in a contract file by the Procurement Officer, and shall be retained and disposed of by the Authority in accordance with Section 119.021, Florida Statutes.

As the Authority is a “public agency” as defined in Section 119.0701(1)(b), Florida Statutes, the Purchasing Director shall include the following, or substantially similar, contract provision:

Contractors, as defined in Section 119.0701(1)(a), Florida Statutes, shall comply with Florida public records laws (as applicable), specifically to:

- (i) Keep and maintain documents that are required for contractor to perform, which are also the Authority’s public records;
- (ii) Upon request from the Authority, provide the Authority with a copy of the available requested records within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
- (iii) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and
- (iv) Meet all requirements for retaining public records and transfer, at no cost, to the Authority, all public records in contractor’s possession upon expiration, or termination, of a contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Authority, upon request from the Authority or its designee, in a format that is compatible with the information technology systems of the Authority and such format shall be mutually agreed upon.

The Authority’s sole and exclusive remedy for a contractor’s breach of this requirement shall be the termination of the contract.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR’S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE AUTHORITY’S RECORDS CUSTODIAN AT 941-316-1776.

3.3.8 Notice of Federal Public Policy Requirements

If the contract is being funded in whole or in part by assistance from a federal agency, and the contract is subject to one or more federal public policy requirements, such as equal employment opportunity, fair labor standards, energy conservation, environmental protection, or other similar socio-economic programs, then the Procurement Officer shall include contract provisions giving the contractor notice of these requirements and, where appropriate, including in those contract provisions the requirement that the contractor give a similar notice to all of its subcontractors.

CHAPTER 4 - SPECIFICATIONS

4.1 Maximum Practicable Competition

All specifications shall be drafted so as to promote overall economy for the purposes intended and encourage competition in satisfying the Authority's needs, and shall not be unduly restrictive. The policy enunciated in this Section applies to all specifications including but not limited to, those prepared for the Authority by architects, engineers, designers, and draftsmen.

4.2 Qualified Products List

- (1) Use. A qualified products list may be developed by the Procurement Officer when testing or examination of the supplies or construction items prior to issuance of the solicitation is desirable or necessary in order to best satisfy the Authority's requirements.
- (2) Solicitation. When developing a qualified products list, a representative group of potential suppliers shall be solicited in writing to submit products for testing and examination to determine acceptability for inclusion on a qualified products list. Any potential supplier, even though not solicited, may offer its products for consideration.
- (3) Testing. Inclusion on a qualified products list shall be based on results of tests or examinations conducted in accordance with prior requirements noticed by the Authority.
- (4) Final Approval, Revisions, and Cancellation. The final approval of revisions to a cancellation of qualified products lists shall be made only upon approval of the Procurement Officer.

4.3 Brand Name or Equal Specification

- (1) Use. Brand name or equal specifications may be used when the Procurement Officer determines that:
 - (a) no other design or performance specification or qualified products list is available;
 - (b) time does not permit the preparation of another form of purchase description, not including a brand name specification;
 - (c) the nature of the product of the Authority's requirements makes use of a brand name or equal specification suitable for the procurement; or
 - (d) use of a brand name or equal specification is in the Authority's best interests.
- (2) Designation of Several Brand Names. When brand name or equal specifications are designated, the Procurement Officer shall seek to designate three, or as many different brands as are practicable, as "or equal" references and shall further state that substantially equivalent products to those designated will be considered for award.

-
- (3) Required Characteristics. Unless the Procurement Officer determines that the essential characteristics of the brand name included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional, or performance characteristics that are required.
 - (4) Nonrestrictive Use of Brand Name or Equal Specifications. When a brand name or equal specifications is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name or equal specifications is for the purpose of describing the standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition.

4.4 Brand Name Specification

- (1) Use. Because the use of a brand name specification is restrictive of product competition, it may be used only when the Procurement Officer makes a determination that only the identified brand name item or items will satisfy the Authority's needs.
- (2) Competition. The Procurement Officer shall seek to identify sources from which the designated brand name item or items can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable. If only one source can supply the requirement, the procurement shall be made under Section 3.1.5 (Sole Source Procurement).

4.5 "Buy American" Requirements

If a contract is being funded in whole or in part by assistance from a federal agency, then the Authority shall adhere to the appropriate "Buy American" requirements of the federal agency providing the assistance.

4.6 Energy Conservation

The Authority's solicitation shall seek to promote energy conservation and shall comply with any applicable mandatory standards, policies, rules, or laws.

4.7 Express Warranty

Submission of a bid or offer by a contractor shall constitute an express warranty of the contractor that the goods or services offered pursuant to the contract shall meet the specifications provided in the solicitation.

CHAPTER 5 – PROCUREMENT OF CONSTRUCTION, ARCHITECT, ENGINEER, AND LAND SURVEYING SERVICES

5.1 Management of Construction Contracting

5.1.1 Responsibility for Selection of Methods of Construction Contracting Management

The Procurement Officer shall have discretion to select the appropriate method of construction contracting management for a particular project, including but not limited to construction management services, design build contracts and other alternative delivery methods that are determined to be a benefit for the specific project and in compliance with Florida Statutes. In determining which method to use, the Procurement Officer shall consider the Authority's requirements, its resources, and the potential contractor's capabilities.

5.2 Bid Security and Performance Bonds

5.2.1 Bid Security

- (1) Requirement for Bid Security. Bid Security shall be required for all competitive sealed bidding for construction contracts when the price is estimated by the Procurement Officer to exceed \$100,000. Bid security shall be a bond provided by a surety company authorized to do business in the State or otherwise supplied in a form satisfactory to the Authority. Nothing herein shall prevent the requirement of such bonds on construction contracts under \$100,000 when the circumstances warrant as solely determined by the Authority.
- (2) Amount of Bid Security. Bid security shall be in an amount equal to at least 5% of the amount of the bid.
- (3) Rejection of Bids for Noncompliance with Bid Security Requirements. When the invitation to bid requires bid security, a bid shall be rejected in the event of non-compliance unless it is determined that the bid fails to comply only in a nonsubstantial manner with the security requirements.
- (4) Withdrawal of Bids. If a bidder is permitted to withdraw its bid before award as provided in Section 3.1.1(6) (Competitive Sealed Bidding; Correction or Withdrawal of Bids; Cancellation of Awards), no action shall be taken against the bidder or the bid security.

5.2.2 Contract Performance and Payment Bonds

- (1) When Required - Amounts. When a construction contract is awarded through competitive sealed bid in excess of \$150,000, the following bonds or security shall be delivered to the Authority and shall become binding on the parties upon the execution of the contract:
 - (a) a performance bond satisfactory to the Authority, executed by a surety insurer authorized to do business in the State as a surety, in an amount equal to 100% of the price specified in the contract, conditioned that the contractor perform the contract in the time and manner prescribed in the contract; and

- (b) a payment bond satisfactory to the Authority, executed by a surety insurer authorized to do business in the State as a surety, in an amount equal to 100% of the price specified in the contract, conditioned that the contractor promptly make payments to all persons supplying labor, materials or supplies used directly or indirectly in the performance of the work provided for in the contract, and who are claimants as defined in Section 255.05(1), Florida Statutes.
- (2) Reduction of Bond Amounts. After consultation with the Authority Attorney and notice to the Authority Board of Directors through the Executive Director, the Procurement Officer is authorized to reduce the amount of performance and payment bonds to 50% of the contract price for each bond when a written determination is made that it is in the best interests of the Authority to do so.
- (3) Authority to Require Additional Bonds. Nothing in this Section shall be construed to limit the authority of the Authority to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in Subsection (1) of this Section.

5.3 Fiscal Responsibility

- (1) Approval By the Authority Board of Directors. Every contract modification, change order, or contract price adjustment in excess of Twenty-five Thousand Dollars (\$25,000), shall be subject to prior approval by the Authority Board of Directors after receiving a report as to the effect of the contract modification, change order, or contract price adjustment on the total project budget or the total contract budget.
- (2) Delegation of Authority. Contracts may provide for delegated authority to the Executive Director or other Authority agent designated by the Executive Director to approve and process contract modifications, change orders or contract price adjustments totaling less than Fifty Thousand Dollars (\$50,000) cumulatively. Any additional modification, change order or contract price adjustment shall be allowed only in such amount as may be authorized and approved by the Authority Board of Directors.

5.4 Professional Architectural, Engineering, Landscape Architectural, or Surveying and Mapping Services

5.4.1 Public Announcement, Competitive Selection and Negotiation

- (1) Service or Study Solicitation. It is the policy of the Authority to publicly announce all requirements for professional architectural, engineering, landscape architectural, or surveying and mapping services and to negotiate such contracts on the basis of demonstrated competence and qualifications at fair and reasonable prices as required by Section 287.055, Florida Statutes. In the procurement of such services, persons interested in providing such services may be required to submit a statement of qualifications, a proposal, or other such information consistent with Section 287.055, Florida Statutes.
- (a) Scope of Project Requirements. Written project requirements will be developed and made

available to interested parties. The scope of project requirements shall indicate the nature and scope of the professional services needed, including but not limited to, the following:

- i. the location and general purpose of the service or study;
 - ii. the objectives of the study or service;
 - iii. estimated period of time needed for the service or the study;
 - iv. the estimated cost of the project;
 - v. whether the proposed study or service would duplicate any prior or existing study or service;
 - vi. list of current contracts or prior services or studies that are related to the proposed study or service; and
 - vii. criteria upon which project statements of qualifications, proposals, or other such required submittals will be evaluated, including submittal rules and formats (e.g. page limitations, font sizes, electronic or paper copies, etc.).
- (b) Public Announcement. The public announcement for services requested shall be in a uniform and consistent manner as referenced in Section 287.055, Florida Statutes, through means intended to reach a wide audience of persons potentially qualified to conduct such services. Multiple means will be employed in the public announcement, and such means may include, but are not limited to: advertisement in newspapers of general circulation in the Authority service area or larger area as appropriate; posting on the Authority website; dissemination by electronic or conventional mail to listing of persons previously requesting notification of Authority projects; or subscription distribution services. The public announcement shall be accompanied by an invitation for persons to submit an indication of interest in performing the required services; how they may obtain the scope of project requirements and other selected project information; and the period of time within which such indications of interest will be accepted, which period shall not be less than twenty-eight (28) calendar days from the date of the public announcement.
- (c) Review of Public Announcement and Project Requirements. The public announcement and scope of project requirements shall be approved by the Executive Director prior to public distribution of these items.
- (d) Re-solicitation. If the Authority receives indications of interest from less than three (3) persons, it may resolicit indications of interest from all persons previously solicited and from such additional persons as it may deem advisable. Thereafter, the Authority may proceed to consider those persons responding to the solicitation or re-solicitation.
- (e) Modifications Prohibited. After the publicized submission time and date, indications of interest shall not be modified or allowed to be modified in any manner.

Notwithstanding, a person that has submitted an indication of interest by responding to a solicitation may withdraw its indication of interest if a re-solicitation occurs in accordance with (d) above.

- (f) Exemptions. This section shall not apply to a professional service contract for a project whose basic construction cost is estimated by the agency to be \$325,000 or less or for a planning or study activity when the fee for professional services is \$35,000 or less (or as may be updated in Section 287.055, Florida Statutes), or in cases of valid public emergency so certified by the Executive Director. This section shall not apply to any requirement for professional services if a continuing contract to provide such services is in effect, a determination is made to utilize the continuing contract to obtain such services, and such professional services are below the thresholds provided in Section 287.055(2)(g), Florida Statutes, or a continuing contract, whichever is lower.
- (2) Consultant Selection. For each solicitation in which a public announcement is made, the Executive Director shall appoint a Professional Services Evaluation Committee (PSEC) to review and evaluate submittals and make recommendations on professional services selection. The PSEC shall include no less than three (3) and no more than five (5) voting members. Non-voting advisory staff may be appointed to assist the PSEC by the Executive Director as needed. PSEC voting members shall generally consist of employees of the Authority and Authority Customer staff, as defined by the Authority's Master Water Supply Agreement, but may include others when deemed appropriate by the Executive Director. The Procurement Officer may serve as a member of the PSEC. The PSEC shall be appointed prior to the public announcement being made.
- (3) Evaluation. Following a determination by the Procurement Officer that the written submittals of qualifications, proposals, performance data, and other information requested complies with the requirements of the public announcement, including being timely and properly received, they shall be evaluated by the PSEC. The Procurement Officer shall assimilate submittal materials and disseminate such to PSEC members. A minimum of one (1) PSEC meeting shall be held to review and rank submittals. All PSEC meetings shall be conducted in accordance with Section 286.011, Florida Statutes, the Florida Sunshine Law, and PSEC voting members shall refrain from any selection-related discussions with other committee members outside of a PSEC meeting .
- (a) The PSEC shall determine qualifications, interest, and availability by reviewing all written responses properly and timely received that express an interest in performing the services. The PSEC determinations shall be based upon the following considerations:
- i. competence, including technical education and training or project personnel;
 - ii. experience in the kind of project to be undertaken;
 - iii. projected workload and availability of adequate personnel, equipment and facilities;
 - iv. the extent of repeat business of the firm;

-
- v. past record of professional accomplishments;
 - vi. office location proximity to Authority service area;
 - vii. past record of performance on Authority projects; and
 - viii. other applicable project specific factors determined by the Authority prior to the issuance of the public announcement
- (b) Based on application of evaluation criteria in this Section above applied to written submittals, the PSEC shall prepare a ranked short-list of at least three (3) firms determined to be most qualified to conduct the services requested. At the discretion of the PSEC, all firms on the ranked short-list may be interviewed, and re-ranked based on results of the interviews.
- (c) The final ranked short-list shall be submitted to the Executive Director for consideration, and upon approval, contract negotiation shall be initiated or in the alternative, the Executive Director is authorized to present the ranked short-list to the Authority Board of Directors for consideration and approval for contract negotiations.
- (4) Contract Negotiations. Upon approval of the ranked short-list by either the Executive Director or the Authority Board of Directors, contract negotiations with the highest ranked firm on the short-list shall begin. Negotiations shall be conducted by the Executive Director or his/her designee(s), hereafter referred to as 'Authority Negotiators'.
- (a) Negotiations shall proceed in accordance with Section 287.055(5), Florida Statutes, as may be amended from time to time.
- (b) Negotiated contract including scope of project and fees shall be submitted to the Procurement Officer for administrative approval by the Executive Director and preparation of recommendation to the Authority Board of Directors. Nothing in this Section shall prohibit the Authority Board of Directors from rejecting the negotiated contract and directing Authority staff to resolicit the services.
- (5) Truth-In-Negotiation Certificate. The Procurement Officer shall promulgate a procedure that shall be used to determine the allowability of incurred costs for the purpose of reimbursing costs where the contract provides for the reimbursement of costs; provided, that if a written determination is approved by the Authority Board of Directors, such procedure may be modified by contract.

CHAPTER 7 – SUPPLY MANAGEMENT

7.1 General Supervision

The Procurement Officer shall have general supervision of the management of supplies during their entire life cycle. The objectives of supply management include preventing waste, continuing utilization of supplies, and obtaining a fair return of value upon disposal of supplies. In order to achieve these objectives, sound inspection, testing, warehousing, and inventory practices are called for, and effective means of transferring and disposing of property shall be utilized.

7.2 Quality Assurance, Inspection and Testing

The Procurement Officer shall take such steps as are deemed desirable to ascertain or verify that supplies, services, or construction items procured by the Authority conform to specification.

7.3 Inventory Management

The Procurement Officer shall have general supervision of all inventoried tangible personal property, whether warehoused or in use, belonging to the Authority. All warehouses and similar storage areas shall be inventoried at least annually. If agreement cannot be reached, the Procurement Officer shall establish the price. When a supply is transferred to other units of government, the recipient shall agree in writing not to transfer title or otherwise dispose of the supply within twelve (12) months of ownership without prior approval of the Procurement Officer.

7.7 Disposition of Surplus Supplies

Supplies declared surplus by the Authority Board of Directors shall be offered through competitive sealed bids, public auction, or posted prices. It is recognized, however, that some types and classes of items can be sold or disposed of more readily and advantageously by other means, including barter. In such cases, and also where the nature of the supply or unusual circumstances call for its sale to be restricted or controlled, the Procurement Officer may employ such other means, including appraisal, provided the Procurement Officer makes a written determination that such procedure is advantageous to the Authority.

7.8 Auctions

When authorized by the Authority Board of Directors, Authority employees or an experienced professional auctioneer may be used to cry the sale and assist in the preparation of the sale.

7.9 Posted Prices

Supplies declared surplus by the Authority Board of Directors may be sold at posted prices as determined by the Procurement Officer when such prices are based on fair market value and the sale is conducted pursuant to written policies established by the Authority Board of Directors.

- (2) Recovery of Kickbacks by the Authority. Upon a showing that a subcontractor makes a kickback to a prime contractor or a higher tier subcontractor in connection with the award of a subcontract or other thereunder, it shall be conclusively presumed that the amount thereof was included in the price of the subcontract or order and ultimately borne by the Authority and will be recoverable hereunder from the recipient.
